

## **Mayor's Council On Disability**

### **February 05, 2007 Meeting Minutes**

**Meeting called to order by Council Chairperson, Sandra Booher.**

**Council members in attendance:**

**Katye Jones**

**Sandra Booher**

**Bea Lyons**

**Jim Queen**

**Gina Turley**

**Jill Hindman**

**Jennifer Nichols**

**Chairperson, Sandra Booher, welcomed guests in the audience.**

**Council member, Jennifer Nichols, introduced the program that she has fostered. She has been working on a visual storytelling project with Signal Centers. This project shows the community how those with disabilities are living their lives just like anybody else. They have dreams and visions for their lives and have a "story to tell". The movies are titled "Freedom Machines". This is a wonderful awareness tool.**

**No agenda for the Bylaws this month. We will address the issues in the March meeting. Bea Lyons is chair of the nominating committee for Council members, other participants are Sandra Booher, Katye Jones, and Jill Hindman.**

**Amanda Stoffan with the Multicultural Affairs office announced that the Disability Resource Directory is nearing completion. It will be produced in pdf. format on the website as well.**

**GoFest! More emphasis should be given to high school students with disabilities. It was strongly suggested that this year the event be held in September, on the Waterfront.**

**Meeting adjourned by Chairperson, Sandra Booher.**

**Next Meeting – March 5, 2007**

**Minutes respectfully submitted by Katye Jones,  
Secretary – Mayor’s Council on Disability**
